MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Risk Decision Policy

1. References:

- a. AR 385-10, The Army Safety Program, Table 4-2, 27 November 2013.
- b. DA Pam 385-30, Mishap Risk Management, 1 February 2010.

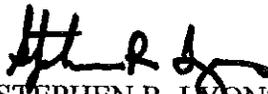

2. Risk management is our most effective tool to protect the force by providing a systematic framework for identifying and controlling risks in all environments and operations. Commanders are responsible for managing risk to ensure potential benefit outweighs the potential loss.

3. Risk decisions will be based on the residual risk of an activity after applying appropriate control measures. Risk decision authority is as follows:

- a. Extremely High Risk – Senior Commander and General Officer (GO) Commandants/Commanders.
- b. High Risk – Commanders, Commandants or Heads of Separate Organizations (Colonel/O-6) or equivalent in the appropriate Chain of Command.
- c. Moderate Risk – Lieutenant Colonels (Battalion Commanders/Department Directors) or equivalent in the appropriate Chain of Command.
- d. Low Risk – Company Commanders or Division Chiefs or equivalent in the appropriate Chain of Command.

4. This document replaces Risk Decision Policy Memorandum dated 1 August 2012. This policy applies to all operations for CASCOM and Fort Lee.
